

TechLance Solutions Employee Handbook: Overview

Document owner: People Operations Version 4.2, effective 2026-01-01 Applies to: all TechLance Solutions employees

About TechLance Solutions

TechLance Solutions is a mid-sized technology services company with approximately 5,000 employees across five departments. We build and operate software and data platforms for clients in financial services, retail, and healthcare.

Employee benefits are described in the Benefits Enrollment Policy.

Departments

TechLance is organized into five departments. Every employee reports into exactly one.

Department	Approximate headcount	Function
Information Technology	1,220	Engineering, platform operations, client delivery
Marketing	1,035	Brand, demand generation, product marketing
Finance	1,020	Accounting, FP&A, procurement, payroll operations
Sales	1,010	New business, account management, solution consulting
Human Resources	710	People operations, talent acquisition, learning

Our values

Evidence over assertion. We expect decisions to be traceable to data or documented reasoning. “I think” is a fine starting point and a poor ending point.

Clear ownership. Every project, system, and decision has one named owner. Shared accountability without a named owner is no accountability.

Direct communication. Raise problems early and plainly. We treat surfacing a problem as a contribution, not a complaint.

Customer consequence. Internal elegance that no customer experiences is not a priority.

Employment basics

Employment classification. Employees are classified as full-time (30 or more scheduled hours per week), part-time (fewer than 30 scheduled hours), or fixed-term contract. Benefits eligibility differs by classification and is described in the Benefits Enrollment Policy.

Standard schedule. Core collaboration hours are 10:00 to 15:00 in the employee's assigned time zone. Outside core hours, scheduling is arranged with the employee's manager. Location arrangements are described in the Remote and Hybrid Work Policy.

Probationary period. New employees complete a 90-day initial review period. Progress is assessed against the 30, 60, and 90 day milestones described in the New Hire Onboarding Guide.

Pay cycle. Employees are paid semi-monthly, on the 15th and the final business day of each month. Payroll questions go to Finance, not to People Operations.

Where to find things

Topic	Document
Joining TechLance, first 90 days	New Hire Onboarding Guide
Health, retirement, and other benefits	Benefits Enrollment Policy
Vacation, sick time, holidays, leave	Paid Time Off and Leave Policy
Working location and equipment	Remote and Hybrid Work Policy
Expected conduct and reporting concerns	Code of Conduct
Systems access and data handling	Information Security and Acceptable Use Policy
Education funding and conferences	Tuition Reimbursement and Professional Development Policy
Reviews, ratings, promotion	Performance Review and Career Progression Policy
Expenses and business travel	Expense and Travel Policy

Getting help

People Operations answers questions about employment, benefits, and policy interpretation. For anything where this handbook and a specific policy document

disagree, **the specific policy document governs**, and you should report the discrepancy to People Operations so the handbook can be corrected.

This handbook is a summary. It is not an employment contract and does not alter the at-will nature of employment.
