

Benefits Enrollment Policy

Document owner: People Operations, Benefits Team Version 5.0, effective 2026-01-01 Applies to: all TechLance Solutions employees. Eligibility varies by classification, as set out below.

This policy lists every benefit TechLance offers, who is eligible, and what the employer contributes. Eligibility for an individual program may be further specified by the policy that governs that program, which in a few cases extends or narrows the table below.

Eligibility

Classification	Eligible for
Full-time (30+ scheduled hours/week)	All benefits in this policy
Part-time (under 30 hours/week)	Retirement Plan, Commuter Benefits, Wellness Programs, Gym Membership
Fixed-term contract	Retirement Plan only, after 12 months of continuous service

Coverage begins on the first day of the month following the enrollment election. It does not begin on the hire date.

Enrollment windows

New hire window. 30 calendar days from the start date. An employee who does not elect within 30 days is enrolled in default coverage: HDHP Individual and 401k Basic Matching. They may not change that election until the next open enrollment.

Open enrollment. Held annually from October 15 to November 15, effective January 1.

Qualifying life events. An employee may change elections outside open enrollment within 30 days of a qualifying event: marriage, divorce, birth or adoption, loss of other coverage, or a change in employment classification. Documentation is required. Elections made more than 30 days after the event are not accepted, and there is no appeal for a missed window.
