

Tuition Reimbursement and Professional Development Policy

Document owner: People Operations, Learning and Development Version 3.3, effective 2026-01-01 Applies to: all TechLance Solutions employees. Tuition reimbursement is limited to full-time employees; Conference Attendance eligibility is set out below.

Funding amounts are set in the Benefits Enrollment Policy. This policy covers eligibility, approval, and repayment terms.

Eligibility

Full-time employees with **12 months of continuous service** at the time of application. Part-time employees are not eligible for tuition reimbursement, but may apply for Conference Attendance with manager approval. Fixed-term contract employees are not eligible for either.

Employees on a performance improvement plan are not eligible to begin a new program until the plan is successfully closed.

Programs and annual limits

Program	Annual maximum per employee
Professional Certification	\$359.21
Undergraduate Degree	\$489.96
Individual Courses	\$723.73
Graduate Degree	\$824.53
Conference Attendance	\$850.00

Amounts are per employee per calendar year and do not carry over. An employee may hold only one active degree program at a time, but may combine a degree program with Individual Courses or Conference Attendance within the annual limits above.

Relevance requirement

Coursework must relate to the employee's current role or a documented next role in their development plan. Relevance is determined by the manager at approval, and by Learning and Development where the connection is not obvious.

Programs unrelated to any TechLance role are not funded, however worthwhile.

Approval process

1. Submit the request in the People Operations portal **before enrolling or registering**. Retroactive requests are not funded. This applies without exception, including where the employee was unaware of the requirement.
2. Manager reviews relevance and approves or declines with a stated reason.
3. Learning and Development confirms funding availability against the annual limit.
4. Employee receives written approval before incurring cost.

Approval is for a specific program in a specific term. A change of institution, program, or term requires a new request.

Reimbursement and grade requirement

Reimbursement is issued after completion, on submission of: - An itemized receipt showing amount paid. - Evidence of completion.

For graded coursework, a grade of **C or better** for undergraduate work and **B or better** for graduate work is required. Pass/fail courses require a passing grade. Incomplete or withdrawn courses are not reimbursed, though an employee may appeal to Learning and Development where withdrawal was due to a medical or family circumstance. **Appeal outcomes are decided case by case and no standard result should be assumed.**

Submit within 60 days of completion. Later submissions are not processed.

Service commitment and repayment

Employees who receive **more than \$500 in tuition reimbursement in a rolling 12 month period** agree to remain with TechLance for 12 months following the final reimbursement.

Conference Attendance funding does not count toward this threshold and carries no service commitment.

An employee who resigns or is terminated for cause within that period repays a pro-rated amount:

Months completed after final reimbursement	Repayment
0 to 3	100%
4 to 6	75%
7 to 9	50%
10 to 11	25%
12 or more	None

Repayment is not required where separation results from redundancy, role elimination, or medical separation.

Conference Attendance

Conference Attendance funding of \$850.00 covers **registration fees only**. Travel, accommodation, and meals associated with a conference are handled under the Expense and Travel Policy and are not drawn from this allowance.

Conference requests require manager approval and should be submitted at least 30 days before the registration deadline. Employees attending a conference are expected to share what they learned with their team within 30 days of returning.

Internal learning

TechLance provides internal training at no cost and with no service commitment. Internal learning does not draw down the allowances above and does not require the 12 month service eligibility. Speak with your manager or Learning and Development.
